

PERT 10

Anchor connector for pole, with automatic anchoring system in conjunction with Pert 1.

How to get to an anchor point without the need to approach it?

→ The poles give the possibility to connect and disconnect, from a safe point, the lifeline systems that will allow us safe access to the work at height.

Norm	EN 795 B	
Compatible with	PERT1 0/75	PERT 0/90
Opening	65mm	85mm
Weight	0,75 Kg	

Materials

Hook	Steel
